

“*I WANT TO DANCE*” Scholarship Winners
October - December 2018

Thank you all who have participated in our scholarship program. Scholarships are presented to locations that had the most applicants. We encourage applicants to apply for themselves and give scholarships' that are not solely based on financial need. This is a great opportunity for your dancer to continue to try for it every session; you never know when you might receive such an honor!

This is a very special achievement and if you know these students, please congratulate them.
Remember your dancing *does* make a difference!
